SUBJECT: Certificate of Inspection

Dear Licensee:

Your 2017 Nursery Grower or Small-scale Nursery Grower license lacks the certification language present on previous years' licenses. This is an error, and to correct it we are supplying you the standalone Certificate of Inspection below. In the future, your license and certificate will remain separate documents, but while the license will continue to be mailed from our Lansing office, your certificate will be furnished to you by your Inspector upon completion of your annual nursery inspection.

Sincerely,

Robin R. Rosenbaum
State Plant Regulatory Official
