## Popes Plant Farm Succulents.

Pope's Plant Farm is a family owned and operated farm with 2 growing locations in eastern Tennessee near Knoxville. At the core of our program is a huge selection of succulent varieties. We source cuttings from all over the world to find the best genetics. All the succulents are grown and combos planted at our farm in Tennessee.

### Racks or Boxes

Succulents can be shipped on a wooden display rack or in boxes on a pallet. The pricing is the same either way you ship. The difference is flexibility. **Racks have 5 shelves**, and are ordered in units of **10 half shelves**. You can order one rack or several, but **each rack must ship full**. With boxed orders, as long as you're above the minimum order, you can size the order to best fit your needs. All our items ship in a box, but only about 90% will ship on a rack.

We have separate order forms for Racks and Boxes. You can ship both a rack and some boxes, but it must be at least 6 boxes and the rack must still ship full.

**The order minimum for both Racks and Boxes is \$1000.**

### New Signage!

- POP included
- Great dollars per square foot in high traffic areas

### Box Shipping

- Boxes ship stacked on a pallet. We don't ship individual boxes.
- Anything can ship in a box.
- More flexibility in ordering.
- Lower quantity per item means a wider selection for the same price.
- Large items ship 1 or 2 per box

## Fall Succulent Tip!

Do you carry pumpkins and gourds?

Plant some up with succulents. Better yet, have a class where your customers can create their own pumpkin/succulent centerpieces.
